The statistics used in the State of Greenwich Statistical Portrait and cited throughout the narrative sections of the Assessment of Human Service Needs were the latest available as the documents were completed and prepared for printing in late December 2010. As such, these statistics represent a “moment in time.” It is our intention, beginning in the spring of 2011, to keep a version of the State of Greenwich Statistical Portrait, updated with the latest available information and statistics, accessible on the Greenwich United Way’s website, www.unitedway-greenwich.org. Each version will be labeled to indicate when it was last updated.
